Glad to know that Chanakya Aerospace, Defence & Maritime Review, India's oldest and leading Aerospace and Defence Magazine is celebrating its Golden Jubilee this year.

Given to learn that Chanakya Aerospace, Defence & Maritime Review has been publishing tri-services news magazine since 1969 with subscribers spanning from 63 countries worldwide. On this occasion the 15th February, 2019 edition will be the Special Collectors' issue, dedicated to Aero India 2019 air-show to be held in Bengaluru which apart from the regular circulation, will have extensive distribution at air-show and IDEX & NAVADDEX Shows in Abu Dhabi besides the website coverage.
